Girls Rank at Head of Class

Senior Marilou VanLaningham, number-one in the class of '71 will present her valedictory address at graduation.

Nancy Carlson holds the second place rank in the '71 graduating class.

Two senior girls scholastically rank at the top of the graduating class of '71. They are Marilou VanLaningham and Nancy Carlson. Marilou has been named valedictorian of the class and will be speaking at the graduation ceremonies. Nancy ranks second.

Both of the girls have brought many accomplishments to their name and school. Marilou has been active on South's speech team for four years. She has competed at the State Finals for the past three years. Marilou earned the honor of being a National Merit winner this year. Marilou is also a member of the National Honor Society, having been elected in her junior year. She is presently holding the office of Secretary of the Society. Nancy has been a member of the Spanish Club. She is presently employed at the Bank of Lansing.

Seniors, Terry Hektoen and Linda Bauer reigned as King and Queen of this year's Prom, "Those Were the Days."

Editorial

In September, 1967 a new group of "freshies" entered the halls of TF South. Old friendships were renewed, and new acquaintances were found. Soon strong ties brought the group together as one. Thus the Class of Seventy-one was born.

We, as seniors now, have grown up a lot since those first few days. Both physically and mentally we've changed from those straggly, bug-eyed, giggling frosh to mature adults, who will be facing the world and its responsibilities in a very short while.

Four years hold quite a few memories, from the very first day of trying to remember lock combinations, learning where classrooms were, and being sold the elevator passes by upperclassmen to knowing the uncanny feeling of being a senior with only a few weeks left of our high school career. There were a zillion activities throughout the four years. All of which our class, the class of '71, tackled with a spirit that astounded everyone else. If anything was to be done, the class of '71 did it. Three consecutive years of first-place Homecoming floats is just one proof. "African Mystique," our Prom, one of the most exotic, romantic, and professional proms South has ever had is another example. The other classes always seemed to lack it... that certain something extra that it takes... that special kismet that creates the feeling. Whatever it was, the class of '71 had it from the beginning. In all of our activities it has existed.

As editors, we have felt this aura even more since we have worked with communications with the *Rebel Rouser*. We feel extremely satisfied with the past year. True, it has been a year of change, trial, and confusion, but it has also proved a year of fulfillment, joy, and achievement.

In many ways the year has been a long one. And then in others, it seems as though it just started. It hardly seems possible that this is our fifteenth and final issue of the newspaper. We have enjoyed the past year as editors. The experiences gained are many. There was the very first issue, a six-pager, when we realized how much we had forgotten over the summer, or how much we had never learned. How simple it was in journalism class just to do the assigned stories! All of a sudden we were the ones figuring which stories to assign, what pictures were needed, and how to lay-out the paper. And there was ever so much more. The rap sessions in Room 227 (our haven for insane editors)

matter), the little celebrations with donuts, cake, or whatever was edible, living in a room that has not been painted for years and years which we tried to cover unsuccessfully because masking tape refuses to stick on the walls, the radio that never worked unless we hit it, the fights, and of course the late Wednesday nights spent at Mr. Hyde's trying to stretch six stories over four pages of newsprint (and we did it!) are all just a few of the things that have befallen us since we were named editors.

It has been quite a challenge being editors of the *Rebel Rouser*. We've prided ourselves on the quality of the paper. And this is it....our last issue. Words can't express the mixed emotions we are feeling as our reign as editors ends.

We couldn't say good-bye so to speak without thanking those who have helped us throughout the year. You readers are probably most important. You've supplied the news so we could have something to write about. Debbie Sowinski was our third editor. In fact, she had the dirty work - she had to work directly with the journalism class. And sometimes getting them to write stories is like pulling teeth. We're thankful we were spared the task. Seniors from last year's class helpfully used their experience to cover stories for us. Ron Fields deserves crediting. He stepped in at mid-year and managed to follow instructions and capture a few photographic memories. Joking aside, the journalism class couldn't have been done without. Many times we would have liked to... But they usually came through with reasonable facsimiles of stories to fill the paper. There are many, too numerous to mention, persons who helped us in various ways throughout the year, and who are more appreciated than we can say. And last but certainly not least (we're not being trite - how can he possibly be least!) our advisor, Mr. Hyde. There are not enough words to express the rapport that develops between an advisor and his co-editors. Not to mention all the food we ate at his house, all the times he went to bat for us, and all the "everything" that he has to put up with from the two of us. In simplest terms- THANKS JOE.

On June 11, 1971 caps & gowns, diplomas, and daisies will represent the graduation of the senior class from TF South. Graduation means the end of a period of time. The individuals may be terminating a portion of their lives. But surely, the

Further education does not suit every graduating student, and the great number of T. F. South Rebels choosing careers for their future supports this theory.

Apprenticeships for various jobs are in the futures of Dan Fehse, Bob Heiberger, Frank Huizenga, Dave Kaszak, Dale Kats, Wayne Roethler, and Jim Slattery. Hoping to earn successful niche in the world of services, such as restaurant and store employments, are Mike Baldeswhiler, Kathy Beatty, Jim Bolton, Mike Bottos, Kay Bradin, Doug Carr, Carey Cutler, Bill Cwetna, Eric Diekelman, Pat Difillipo, Joann Freewald, Gordy Gammon, John Gianoli, Paul Haak, Bill Hastings, Terry Hektoen, Wanda Hickie, Dave Hinds, Debbie Hockenberry, George Hoernig, Pat Holzhauser,

the Marines will be Tim Alexander. Hitching up with the Army will be Bob Palicke, Gary Schlenger, and Ron Wysocki. The Air Force will see Bill Briney and Doug Clark among its ranks. The Navy will gain the services of Ted Cooper, Steve Hoffman, Gar Liptak, Mike Musial, Bob Robertson, Terry Wilson, and Gerry Zion.

Marriage is in the future for another group of T. F. S. '71 graduates. Many seniors were the happy recipients of financial aid as

Football

The football season was most definitely one of ups and downs, tears of joy and tears of despair. After jumping off to a 4-0 record and first place in conference the first few weekends, the Big Red Machine sputtered and stopped on four consecutive Saturdays. Defeat came at the hands of Hillcrest, TF North, Rich Central, and Tinley Park in that order.

The team displayed true Rebel spirit, hustle, and desire as they asked and gave no quarter. This is evidenced by the fact that two of the four games were decided in the last four minutes while the other two were tough battles; the turning points coming in the fourth quarters. Another indication of the talent here was the fine showing of the Rebels on the SESC All-Conference team. Five men made the first team; Ken Caddick-Defensive Tackle, Kerry Moeller-Defensive End, Ron Snyder-Defensive Back, Rich Stinson-Offensive End, and Mark Wojciehowski-Linebacker. Other members singled out for special awards by the coaches were Jeff Biel-Schroeder Memorial and Wally Emlund-Gene White Memorial. Other senior members of the team not yet mentioned are Tim Koselke and Ron Sylvester, who shared the quarterbacking duties, Dale Zentz, Peter Yackanich, Rich Steere, Bob Krilich, Doug Harris, George Glad, Kerry Warburton, Jeff Kiester, George Stamper, Al Broomhead, and Bob Oswalt, along with manager Roger Reece.

Baseball

The Varsity baseball team ended a rather mediocre season with a 12-16 record in overall action. In conference play, the diamondmen finished with a 6-8 slate. These records are better than most people predicted at the beginning of the season. A few less errors, a little tougher hitting attack, and even one or two breaks could have easily put the Rebels over the .500 mark.

Many of these 28 games were played against teams much tougher. Notable victories were those over Bishop Noll (at the time we were struggling to reach .500; they were 17-5-1), 2 victories over T. F. North (one during regular season, one during district play), Tinley Park (we were down 6-0 and won 8-6), and Illiana, 13-5.

Some good games were played in defeat, though. Two of Indiana's toughest teams, East Chicago Washington and Morton defeated us by scores of 3-2 and 2-1. Many games were lost by only one or two runs, but of course almost only counts in horseshoes (unfortunately not a varsity sport).

Leading hitter was Tim Koselke with .370 overall and a hefty .409 in conference. Tim was also all-conference short-stop. Seniors on the team were: Tim Koselke, Mark Wojciehowski, John Fisher, Jeff Biel, Ron Sylvester, Rich Ahlgrain, Scott Dugan, Rich Parker, and Rich Gjeldum.

Wrestling

The T.F. South wrestling team ended an average season with a fourth-place finish in the Southeast Suburban Conference this year. With a record remaining constantly near the .500 mark the entire schedule, the wrestlers proved that they may be on the road back.

Led by one of the finest coaches around, Mr. Joe Sowinski, the squad displayed spirit and the will to win. Much of this attitude developed from hard work and good coaching on all levels. Added to this was the fact that the matmen had probably its finest backing in years. Wrestling interest is definitely picking up and will soon rival basketball. Those from the class of '71 who added to the momentum of the squad were: Ray Jansma, John Wollack, Scott Stooksbury, Bill Homan, Kerry Warburton, and Jeff Kiester.

Basketball

Out of all the major sports here at TF South, the one which turned out to be probably the most disappointing to coaches, players, and fans alike was basketball. Although the squad finished with a dismal 5-17 record, there were many exciting moments during the season.

The highlight of the season was the defeat of TF North on the Meteor's home court. The contest was a complete sellout as the North fans expected their highly touted Meteors to completely demolish the South five. A brilliant Rebel defense and early scoring by Mark Wojciehowski stopped North cold and excited Rebels rejoiced after a close 44-41 victory. The only wins of the season came against foes Crete-Monee, Kankakee, Westview, and Stagg twice. As in many other sports the team did not often get slaughtered but many games were lost by only a few points.

It was definitely a rebuilding year for the roundballers and a fine showing can be expected in the future. Seniors on the squad were Mark Wojciehowski, Tim Koselke, Dave Jonkman, Dave Eenigenburg, and Scott Dugan.

Cross-Country

Lack of experience was another reason for a TF South Varsity team not to fare as well as could be hoped for. This time the suffering came to South's Cross-Country team. Basically an unsung sport, the Rebel runners faced a rebuilding year as they joined the 1970-71 Cross-Country team. On the varsity level, only two meets were won.

Mr. Dust, one of the coaches for the C-C team, said that the main reason for the disappointing outcome was the lack of senior members for the team. There were three Class of '71'ers who formed the experienced portion of the team, but weren't backed by enough other runners to keep the team a strong one. They were: Rich Ahlgrain, Larry Mlynarcik, and Jim Stewart.

Golf

The Thornton Fractional South Golf team chose 1971 to achieve probably one of the finest seasons the school has ever had. The class of '71 seniors lead the way to this accomplishment with team members Scott Highland and Jim Stewart. Jim also served in Varsity capacity as captain of the '71 squad.

For an overall record the team totaled up eight wins against only two losses. In conference play, the golf squad deservedly finished in third place, probably the highest position the team has been in for quite some time. Another accomplishment of these surprising golfers was the finishing in twelfth place in the district finals. Quite an honor for the South Golf Squad!

Coach Desoto, who is extremely proud of the outcome of the 1971 season, in a final comment wished his two graduating senior team members "the best of luck in the future years."

Swim

No year-end wrap-up of South Sports would be complete without mentioning the Rebel swim team, T. F. South's only Varsity Conference Champions. Again, the seniors set the pace.

Tom Madix was one of the team's tri-captains. He was voted Most Valuable by his teammates, and was part of the 220 yd. medley relay which set a new school record at 1:48.6. In Conference competition he was a double winner in the 200 and 400 yd. freestyle events.

Ralph Flood was the second of the three captains. He placed third in Conference competition in the freestyle relay.

Terry Hektoen was the third team captain. He, too, was voted in as Most Valuable. Adding to his accomplishments was a Conference championship in both the 100 yd. backstroke and the medley relay. Terry also placed fourth in District Finals.

Also on the Championship relay team was Dave Tiltges. Dave swam 100yd breakstroke. The 4th place slot was his at Conference meet.

Dan Johnson well earned his Swimmer of the Year Award, as well as the Al Brose-Most Improved Senior Award. He was a double conference champion with both first place finishes in the 100yd butterfly and part of the medley relay team. He also took a second place in the Conference meet in the Individual Medley event.

Rounding out the senior list of swimmers are Vern Werner and Rich Gjeldum. Verne's participation in the 100yd freestyle, as well as his joking nature placed him high on the team's Spirit list. Rich swam in the 200yd freestyle event. His determination was paid off with the Lansing Lion's Club Scholar-Athlete Award.

Speaking of all his Varsity men, Coach Kijewski had this to add:

"This group of seniors is one of the finest, if not the finest of any group of athletes to ever compete for T.F. South. They strived for first and they succeeded in winning the 1st S.E.S.C. Swim title. They have my deepest respect and appreciation, and I will never forget any of them."

Track

This year's Varsity track team finished a hard fought battle against tough competition with the help of its graduating seniors who strove to make their last year, their best year. In this last issue of the 1970-71 Rebel Rouser it is only fitting to point out the accomplishments of the Rebel Senior Striders.

In Conference competition these boys proved their power by finishing up with three first places, one third and one fourth place finish. The seniors delivering these wins were Keith Boardway with the fourth place in the 180 low hurdles, as well as a first place in the mile run; Bill Homan throwing the third place in shot put competition; Rick Stinson with a first place in the 220; and a first place honor to the 880 relay team of George Glad, Ron Snyder, Ralph Flood and Rick Stinson. This was the first time since 1965 that a first place trophy was brought back to this school.

The School Records department is also filled with a list of senior athletes. In the 100 yd. dash - :10.1 was Rick Stinson, who also set the new 220 yd. dash record at :22.9. The mile record belongs to Keith Boardway with a 4:37.0, as does the two-mile record belong to Keith with a 10:23.2. Another record was set in the 180 low hurdles when George Glad took the course with a 20.9 clocking.

Other senior boys adding to the Varsity's team were Wally Emlund, Rob Krilich, Larry Mlynarcik and Bill Albrecht.

Tennis

"Just a fair season" is really all that can be said in a wrap-up of the 1971 tennis season. This year's Varsity tennis team at South had the help of only two returning seniors. These were Joe Schmitz and Vern Werner. Although these two did their best, not much can be accomplished without a strong all-around team.

After an exceptionally slow start as the season opened, the team rebounded and, with flying colors, ended the 1971 competitive season winning three out of the last four matches. Because of the apparent weakness of the team due to the lack of more experienced players, the netmen ended their racket-swinging days with a four wins and eight losses record.

competed in some capacity on the Rebel Sports team called Varsity.

Reporter Queries Frosh (Dec, 1967)

Today, we will look into the minds of some of our new freshmen of good old T.F.S. Now that they have had twelve weeks to compile their thoughts let's ask them, "What do you think of good old T.F.S.?" The answers were as follows:

Ron Sylvester - "It's pretty cool so far."

Rick Stinson - "It's a nice place to visit, but I would not like to live here."

Debbie Sowinski - "I like it, it's really great."

Kathy Beatty - "I like Mr. Otto and Mr. Hamshire."

Sharon James - "The football players are cool."

Linda Bauer - "Oh, no!"

Kathy Kreps - "It's nice."

Kathy Baker - "It's a big school and it's fun with cute boys."

Jim Mauch - "Oh, it's alright, fine girls."

Ron Snyder - "There's no soap in the locker rooms, yap no soap."

Cindy Twardosz - "The Jr. class is best, but best of all Len Rompca."

Bob Krilith - "It's a lot bigger than grade school and the girls are in better shape."

Terry Wilson - "It's real GROOVY except for the food."

Mike Toepfer - "Ask someone else."

Jim Hirt - "It's alright, but the girls are the best."

Peter Yackanish - "It's cool and much better than grade school."

Our final comment came from our principle's son, Jeff Hamblin, when he said "It's o.k., it pays for our food and home." As you can see we have a variety of answers that if showed to an outsider might change his views about good old T.F.S. But don't worry upper classmen, our school will be in good hands after we leave! MAYBE?????

Editor's Note:

This clipping was taken from the Christmas issue of the 1967 Rebel Rouser. Is it possible that we actually talked like that?"

Well, that's it! ... Our eight-page final edition of the Rebel Rouser. It was our way of saying thanks and good-
